FLUENCY ENGLISH FOUNDATION

Professional Curriculum & Course Details

COURSE OVERVIEW

The Fluency English Foundation course is a transformative, practice-based live program designed specifically for college students and working professionals who aspire to speak English naturally, confidently, and fluently in real-life situations.

Unlike traditional grammar-focused curricula, this program emphasizes real conversations, accent refinement, and powerful communication techniques that enable students to achieve genuine fluency and professional communication mastery. Whether you're preparing for job interviews, corporate presentations, or simply want to communicate with confidence, this course delivers results through intensive, interactive learning.

COURSE DURATION & STRUCTURE

Aspect	Details
Total Duration	3 Months
Class Frequency	6 Days a Week
Daily Duration	1–2 Hours (Live Interactive Classes)
Total Contact Hours	Approximately 270-360 hours of live instruction
Format	100% Live Interactive Sessions

COMPREHENSIVE CURRICULUM MODULES

Module 1: Daily Speaking Practice

Master the fundamentals of spontaneous communication through structured daily practice sessions.

- Real-life conversational topics covering everyday situations
- Confidence-building discussions in relaxed, supportive environments
- Voice tone and clarity enhancement techniques
- Immediate feedback and correction from expert instructors
- Progressive difficulty levels adapted to your proficiency

Module 2: Vocabulary, Phrases & Slangs

Build a powerful vocabulary foundation like a native speaker.

- Learn 1000+ words actively used by native English speakers
- Daily use idioms and expressions for authentic communication
- Smart phrases tailored for meetings, travel, and social settings
- Contextual learning that ensures practical application
- Slang and colloquial expressions for natural conversation flow

Module 3: Fluency-Building Conversations

Develop instant thinking and speaking capabilities in English.

- Learn to think and respond instantly in English without hesitation
- Eliminate the translation dependency that slows down communication
- Real-world dialogue practice with native-speaker simulations
- Scaffolded conversation scenarios from basic to advanced
- Techniques to maintain fluency even under pressure

Module 4: Advanced Live Conversation Labs

Intensive practice in focused, specialized environments.

- Group conversation labs for diverse communication scenarios
- One-on-one speaking labs for personalized attention and coaching
- Accent imitation drills (US & UK varieties)
- Personality development through strategic conversation techniques
- Real-time feedback and correction from certified coaches

Module 5: Interview Mastery – 300+ Practice Sessions

Comprehensive preparation for competitive job interviews and selection processes.

- HR and corporate-style mock interviews with realistic scenarios
- Body language and professional speaking tips for maximum impact
- Resume introduction and elevator pitch training
- Common interview questions and expert response strategies
- Stress management techniques for high-pressure interviews
- Post-interview follow-up communication strategies

Module 6: Accent, Pronunciation & Confidence

Achieve clarity and confidence in your English communication.

- US and UK accent training with distinction between varieties
- Pronunciation clarity correction for problematic phonemes
- Confidence projection techniques through strategic speech patterns
- Rhythm, intonation, and stress patterns in English
- Building self-assurance in professional and social contexts

Module 7: Role-Play & Debate Sessions

Engage in dynamic, challenging communication scenarios.

- Daily speaking challenges designed to push beyond comfort zones
- Debates and persuasive speaking to strengthen argumentative skills
- Fun role-based English practice for engagement and retention
- Scenario-based communication under various constraints
- Creative expression through theatrical conversation techniques

LEARNING OUTCOMES

Upon successful completion of the Fluency English Foundation course, you will:

1. **Speak confidently and fluently in English** – Achieve natural, spontaneous communication without hesitation or self-doubt
2. **Think in English without hesitation** – Develop the cognitive shift to process thoughts directly in English rather than translating
3. **Master professional conversation skills** – Excel in corporate settings, client interactions, and leadership communication
4. **Improve pronunciation and accent** – Achieve clarity and polish in your spoken English across both US and UK standards
5. **Handle interviews and public speaking effortlessly** – Navigate high-stakes communication situations with poise and eloquence
6. **Gain lifelong fluency-building habits** – Develop sustainable practices for continuous improvement beyond the course
