

GRAMMAR ACQUISITION SYSTEM

# Foundation Protocol

**Absolute Beginner | Zero to Solid Control**

**Fee: ₹4,999**

**Duration:** 8 Weeks (Structured)

**Methodology:** Error Prevention & Logical Assembly

**Goal:** Fossilization-Free Grammatical Accuracy

---

BASE

## WEEK 1 | *Sentence DNA*

### Objective: The Logic of Correctness

#### Grammar Rules Covered:

- The concept of the Clause (Subject + Predicate).
- Word Order: Subject-Verb-Object (SVO).
- Mandatory Capitalization and Punctuation limits.

**Structure Patterns:** [Subject] + [Verb] + [Object/Complement].

#### Controlled Practice:

- **Scramble Drills:** Reordering chaotic word lists into valid SVO chains.
- **Binary Check:** Identifying "Sentence" vs. "Fragment".

**Error Prevention:** Eliminating fragment sentences and run-on errors.

**Mastery Status:** Ability to distinguish a grammatical sentence from a random string of words.

## WEEK 2 | *Verb System Basics*

### Objective: Action & State Alignment

#### Grammar Rules Covered:

- Subject-Verb Agreement (Singular vs. Plural).
- Infinitive vs. Conjugated forms.
- Auxiliary "Do" for Questions and Negatives.

**Structure Patterns:** Subject + Verb(s) / Subject + Do not + Verb.

#### Controlled Practice:

- **Conjugation Matrix:** Filling grids with correct verb forms.
- **Polarity Switch:** Converting affirmative sentences to negative.

**Error Prevention:** "He go" vs "He goes"; Double negatives.

**Mastery Status:** Flawless execution of basic present tense statements.

## WEEK 3 | *Nouns, Articles & Gender*

### Objective: Specificity & Quantity

#### Grammar Rules Covered:

- Definite (The) vs. Indefinite (A/An) Articles.
- Pluralization morphology (-s, -es, irregulars).
- Countable vs. Uncountable Nouns.

**Structure Patterns:** Det + Adj + Noun.

#### Controlled Practice:

- **Determiner Selection:** Rapid-fire article placement.
- **Plural Logic:** Categorizing nouns and applying suffixes.

**Error Prevention:** Dropping articles; Pluralizing uncountables ("informations").

**Mastery Status:** Correct specification of objects and quantities.

**Objective: Avoiding Ambiguity**

**Grammar Rules Covered:**

- Subject vs. Object Pronouns (Case System).
- Possessive Adjectives vs. Possessive Pronouns.
- Antecedent Agreement.

**Structure Patterns:** Substitution of Nouns for Pronouns in SVO.

**Controlled Practice:**

- **Substitution Drills:** Replacing nouns in complex chains.
- **Ambiguity Audit:** Fixing sentences with unclear "it" or "they".

**Error Prevention:** Case confusion ("Me went"); Vague references.

**Mastery Status:** Clean, traceable reference chains within sentences.

## WEEK 5 | *Tense Control (Core)*

### Objective: Temporal Precision

#### Grammar Rules Covered:

- The Past / Present / Future framework.
- Regular (-ed) vs. Irregular verb patterns.
- Time markers (Yesterday, Now, Tomorrow).

**Structure Patterns:** Subject + Verb(ed) + Time Marker.

#### Controlled Practice:

- **Timeline Plotting:** Placing sentences on a visual timeline.
- **Transformation Drills:** Converting paragraphs across timeframes.

**Error Prevention:** Tense shifting mid-sentence; Mismatched markers.

**Mastery Status:** Ability to anchor events clearly in time.

## WEEK 6 | *Modality & Meaning Control*

### Objective: Nuance & Intent

#### Grammar Rules Covered:

- Modal Auxiliaries (Can, Must, Should, May).
- The Rule of Invariance (No conjugation).
- The Bare Infinitive Rule.

**Structure Patterns:** Subject + Modal + Verb (Base).

#### Controlled Practice:

- **Intent Rewrite:** Shifting from "Fact" to "Obligation".
- **Error Correction:** Identifying invalid combinations ("can to go").

**Error Prevention:** Double modals; "To" insertion errors.

**Mastery Status:** Expressing ability/necessity with accuracy.

## WEEK 7 | *Sentence Expansion (Safe)*

### Objective: Descriptive Layering

#### Grammar Rules Covered:

- Adjective placement (Pre-noun vs. Post-verb).
- Adverb formation (-ly) and positioning.
- Prepositions of Time and Place (In, On, At).

**Structure Patterns:** S + V + Prepositional Phrase.

#### Controlled Practice:

- **Expansion Drills:** Adding modifiers without breaking syntax.
- **Preposition Mapping:** Spatial logic drills.

**Error Prevention:** Misplaced modifiers; Preposition confusion.

**Mastery Status:** Creating descriptive, compound sentences.

**Objective: System Stress-Test**

**Grammar Rules Covered:**

- Mixed-tense logic.
- Global accuracy (Articles + Agreement + Tense).
- Connector logic (But, So, Because).

**Structure Patterns:** Paragraph level coherence.

**Controlled Practice:**

- **Forensic Editing:** Finding planted errors in text.
- **Accuracy Writing:** Zero-tolerance bio composition.

**Error Prevention:** Fossilization of "good enough" grammar.

**Mastery Status:** Total control of fundamental sentence architecture.
